## SKILLS

Machine Learning

Deep Learning

Natural Language Processing

Django

Python

WordPress

C++

Data Structures and Algorithms

Web Scrapping

## TOOLS

Python Libraries-  
Pandas, NumPy,  
Seaborn, Sci-kit learn,  
Keras, Tensorflow,  
Spacy, NLTK

## EDUCATION

### Third Year-B.Tech

Indian Institute of Technology, Kharagpur

05/2018 - 05/2022

CGPA-8.35

*Data Structures, Algorithms, Probability and Statistics, Operation Research, Quality engineering*

- ▣ Industrial and Systems Engineering

## PREVIOUS INTERNSHIPS

### Data Science Intern

Sapio Analytics

08/2020 - 11/2020

*Achievements/Tasks*

- ▣ Developed **NLP** models for **classification** of hindi new articles.
- ▣ Developed a **Web Scraper** to automate the data collection of new articles.

### Backend Developer Intern

ESDS Software Solutions

11/2019 - 01/2020

*Achievements/Tasks*

- ▣ Used **Django** framework for backend development.
- ▣ Successfully debugged the backend functions for optimal performance of website.
- ▣ Developed a survey form feature for feedback purpose.

### Business Developmet Intern

Cleartax

05/2019 - 07/2019

*Achievements/Tasks*

- ▣ Lead the publicity campaign of organization at Nashik.
- ▣ Collaborated 5 firms with organization.

## PROJECTS

### Study of AI Argumentation Theory (11/2020 - Present)

- ▣ Studying Argumentation method and fuzzy method of inference and its use in Artificial Intelligence.
- ▣ Developed python programs based on mathematical models

### Django Web App (01/2021 - Present)

- ▣ Live at- [Link](#)
- ▣ Developing advancements in the features provided by app

## PARTICIPATIONS

Data Analytics Team-Pandit Madan Mohan Malviya Hall of Residence, IIT Kharagpur  
(01/2020 - Present)

*Worked in a team in order to compete in inter hall general championship of data analytics*

Open Soft Team-Pandit Madan Mohan Malviya Hall of Residence, IIT Kharagpur  
(01/2020 - Present)

*Worked in a team in order to compete in inter hall general championship of open soft development*
